

The following add-on Elements are available for purchase, allowing you to enhance functionality as needed.

All Elements previously available as cost options for **Decorating** and **Designing** are now included **FREE** in the subscription option.

Productivity Elements		Le	Ed	Dc	Dc Sub	Ds	Ds Sub
	<b>Offsets Advanced</b> Embolden logos, badges and other designs with distinctive, colorful automatic borders				✓	✓	✓
	<b>Team Names Advanced</b> Personalize team and corporate logos with names, quickly and efficiently				✓		✓
Creativity Elements		Le	Ed	Dc	Dc Sub	Ds	Ds Sub
	<b>Reef Photo Stitch</b> Convert incredibly complex images to a single-color run stitch that never crosses itself. It creates an interesting coral reef-like stitch pattern that concentrates in darker areas of the image for an artistic style.				✓	✓	✓
	<b>Maze Fill</b> Fill shapes with perfect, evenly spaced lines that never overlap in just a few clicks, saving many hours of digitizing work						✓
	<b>Hand Stitch Effect</b> Create an organic hand-feel stitch effect, with randomized stitch spacing, angles and lengths. Apply it to any stitch type, including Satin, Tatami, Run, Backstitch and others.				✓	✓	✓
	<b>Custom Splits</b> Add carving, embossing and other dimensional effects to your embroidery						✓
	<b>Photo Flash / Color PhotoStitch</b> Convert black and white, grayscale and color images into multi-color artistic stitching				✓	✓	✓
	<b>Motifs</b> Create and re-use patterns for runs and fills						✓
	<b>Motifs Advanced (Requires Motifs Element - Standard)</b> Take creativity to the next level with gradient and variable size motifs						✓
	<b>String Stitch (Paghadi)</b> Visually stunning new stitch type for added creativity, and commonly used to sew down small mirror elements						✓
Specialty Elements		Le	Ed	Dc	Dc Sub	Ds	Ds Sub
	<b>Beading</b> Create bead run or manual bead designs with your choice of bead shape, color, and size. Supports four stitching patterns (upright, flat, flat-left, flat-right).						✓
	<b>Font Creator</b> Create your own custom embroidery fonts						✓
	<b>Single Sequins</b> Create high impact embroidery files for single sequin machines				✓		✓
	<b>Sequins Advanced</b> The complete sequin embroidery solution for twin and quad-sequin machines. Now includes stipple fill sequins, sandwich sequins, and flip sequins						✓
	<b>Chenille (Aari) Stitch</b> Add chenille embroidery capabilities to a lockstitch embroidery digitizing system						✓
	<b>Schiffli</b> Create and prepare lacework and emblems precisely and efficiently						✓
